## MAKING MORE OF LIFE

Hallhouse Care Home is situated in the quiet village of Fenwick, East Ayrshire offering residential, nursing and respite care with an approach that focuses on making every day as memorable and enjoyable as possible. Our home is set out across two buildings, with a total of 47 rooms (some with en-suite facilities): 11 residential and 36 nursing, each with a nurse call system in place.

One of the main features of our home is the spectacular garden, which is home to an array of wildlife and plants. Here we also have a wonderful sensory area where residents thoroughly enjoy the stimulation it provides. Residents have a choice of communal areas in our home where they can relax and socialise; we want to make our residents feel completely at home.

We have a friendly and driven team here at Hallhouse Care Home, who are fully qualified and pro-active in their approach to care and support for each resident. From the moment you arrive, we will do everything possible to ensure that your stay is comfortable.

“The care this home provides is first class.  
As are the staff who provide it.”

*Resident*

# AT HALLHOUSE CARE HOME OUR AIM IS SIMPLE...

We want to make life easier, settled and altogether better. We want the transition of moving in to our home to be as seamless as possible with minimal disruption to you or your loved one's life. Our team of carers, registered nurses and social care staff are dedicated to achieve this aim with each and every resident.

We strive to provide the right balance of support in order to assist our residents to live life to the fullest. We're proud to offer a varied activities programme, delicious food and lots of opportunities to make

new friends. Daily activities are provided by our dedicated Activities Co-Ordinator in addition to regular outings and special events. Your happiness and well-being is our priority.

“Friendship Friday - very supportive and interactive. Have been at several events at Hallhouse and all are well organised and enjoyed by residents.”

*Daughter of Resident*
